Type:	Content	**Severity:**	Minor	**Priority:**	Low
Environment:	macOS, Tahoe 26.1, Safari; iPhone 13, iOS 26.2, Safari				
Summary:	Extra characters are displayed in the "Other" subcategories' names in the Products section (Eng localization)				
Description:					
Pre-conditions:					
1	The "Products" page of "Website_name" is open in a browser.				
2	English localization is set.				
3					
Steps to reproduce:					
1	In the filters section on the left side of the page, click on "Plant care" under "Categories" and check the subcategory name "Other".				
2	Click on "Plant nutrition" under "Categories" and check the spelling of the subcategory "Other".				
3	Click on "Seed material" under "Categories" and check the spelling of the subcategory "Other".				
4					
5					
Actual result:					
Within the categories "Plant care", "Plant nutrition" and "Seed material", the subcategory "Other" is displayed as "Other Pc", "Other Pn" and "Other Sm", respectively.					
Expected result:					
The subcategory name "Other" should be displayed as a single word with no extra characters in all the categories.
