Reporter:	Sofia	Assignee:		Status:	
Type:	Content	Severity:	Minor	Priority:	Low
Environment:	macOS, Tahoe 26.1, Safari; iPhone 13, iOS 26.2, Safari				
Summary:	Extra characters are displayed in the "Other" subcategories' names in the Products section (Eng localization)				
Description:					
Pre-conditions:					
	1	The "Products" page of "Website_name" is open in a browser.			
	2	English localization is set.			
	3				
Steps to reproduce:					
	1	In the filters section on the left side of the page, click on "Plant care" under "Categories" and check the subcategory name "Other".			
	2	Click on "Plant nutrition" under "Categories" and check the spelling of the subcategory "Other".			
	3	Click on "Seed material" under "Categories" and check the spelling of the subcategory "Other".			
	4				
	5				
Actual result:					
Within the categories "Plant care", "Plant nutrition" and "Seed material", the subcategory "Other" is displayed as "Other Pc", "Other Pn" and "Other Sm", respectively.					
Expected result:					
The subcategory name "Other" should be displayed as a single word with no extra characters in all the categories.
